

NOTICE OF PROPOSED MAJOR UTILITY FACILITY

AEP Ohio and Ohio Power Company representatives plan power upgrades to support the electric service needs of an AEP customer's substation in the City of New Albany, Licking County.

The Badger Station Project to construct a new 5-acre substation and multiple 138-kV transmission tie lines connecting Badger Station to a customer substation. These improvements support the growing electrical needs of the customer's substation near the intersection of Beech Road Northwest and Jug Road in the City of New Albany, Licking County and create redundant electrical service.

Ohio Power Company representatives filed a Letter of Notification with the Ohio Power Siting Board (OPSB) as the Badger Station Project, Case No. 23-0290-EL-BLN. The Letter of Notification to construct, operate and maintain this facility awaits OPSB review. If approved, construction begins in September and concludes by May 2024.

The OPSB accepts motions to intervene in the Letter of Notification up to 10 days following the publication of this notice. The requirements to intervene are included in Rule 4906-2-12 of the Ohio Administrative Code. Please address motions to the Ohio Power Siting Board, 180 E. Broad St., Columbus, Ohio, 43215-793 and cite Case No. 23-0290-EL-BLN.

The accompanying map shows the project area. Please use this map only as a general guide due to its reduced scale and limited detail. Copies of the Letter of Notification including specific details about the location and construction, are available for public inspection at the following locations:
